Invitation

Dear Sir or Madam,

We are delighted to invite you to the 3rd WundD.A.CH Three-Country Conference in Stuttgart from 29 September to 1 October 2022, “the place to be” if you are active in the DACH market or want to become active. After the long forced break we are very much looking forward to welcoming our colleagues and industry partners.

Since 2012, WundD.A.CH has been an umbrella organization of all German-speaking associations and groups that are strategically and operatively active in the field of wound management. The organization was founded by the professional associations AWA (Austrian Wound Association), ICW e.V. (Initiative Chronische Wunden (English: Initiative Chronic Wounds)) and SAfW (Swiss Association for Wound Care).

WundD.A.CH has set itself the goal to support wound care in a contemporary form corresponding to the state of medical progress in German-speaking countries and regions of Europe. Hereby, important beliefs of WundD.A.CH are that wound care must be interdisciplinary and interprofessional and with an evidence-based foundation. Also, the association's activities should ultimately benefit the patients. The cornerstones of WundD.A.CH are the promotion of continuing training and development of wound care professionals, as well as ensuring the availability of expert knowledge and standards for the entire German-speaking area.

The most important activity of WundD.A.CH is organizing a German-speaking three-country conference, which should take place every 3-4 years. This conference is organized by the respective representatives of the different member associations.

After 2017 in St. Gallen, we will meet in Stuttgart in 2022. The aim of the three-country conference on the other hand is to bring together the interests of wound care professionals from the various German-speaking countries to leverage synergies. In order to make this exchange as informative and sustainable as possible, we would be pleased if you helped shape this three-country conference for which we expect around 1,000-1,300 participants. Your contribution can be made in the proven manner of participating at the industry exhibition, by organizing a company symposium or by taking on a sponsoring package.

We would be pleased to welcome you as exhibitor, advertiser and/or sponsor of the 3rd WundD.A.CH three-country conference 2022 in Stuttgart and are looking forward to your registration with great interest.
